Assignment

[1] Today we did not entirely succeed in stating the contrapositive of the statement “No umpire makes correct decisions all the time”. Try to figure out what the contrapositive should be. You might try to clarify the issue by making a venn diagram.

■ **When you answer the three questions below, please provide a few brief examples that help make your opinions clear.**

[2] What is the negation of “All . . .”?

[3] What is the negation of “Some . . .”?

[4] What is the negation of “None . . .”?
